PERKS

Cookie Policy

Effective 29 September 2026 · Operated by PERKS · Contact: perk.headquarters@gmail.com

This Cookie Policy applies to both PERKS Wallet and PERKS Business.

1. What this policy covers

This Cookie Policy explains the cookies and similar technologies used by PERKS Wallet and PERKS Business, and the choices available to you. PERKS is a web app, so "cookies" here includes browser local/session storage used for the same purposes.

2. Strictly necessary technologies

These are required for the Services to work and cannot be switched off:

- **Session and authentication tokens** — keep you signed in and identify which account is acting (customer, or a specific merchant's staff member).
- **Security tokens** — protect against cross-site request forgery and similar attacks.
- **Basic preferences** — such as your last-used tab or outlet selection, stored locally on your device.

3. Optional technologies

PERKS may use limited, privacy-conscious analytics to understand feature usage and reliability (for example, error rates), and to improve the Services. Where any optional analytics or similar technology is used, it will be described here with its purpose and any consent control available to you. As of the effective date above, PERKS does not use third-party advertising cookies and does not sell data collected through cookies or similar technologies.

4. Managing cookies and storage

Most browsers let you view, delete or block cookies and local storage through their settings. Because session and security tokens are strictly necessary, disabling them will prevent you from signing in or will interrupt core functionality such as Audio Tap, QR scanning, or staff access on PERKS Business.

5. Changes to this policy

We may update this Cookie Policy as the Services evolve, for example if we introduce a new optional analytics technology. Material changes will be reflected here and, where required, we will seek your consent before enabling a new optional technology.

6. Contact

Questions about this Cookie Policy can be sent to perk.headquarters@gmail.com.

This document is a practical, product-accurate policy drafted to reflect how PERKS actually works today. It is provided for operational and informational purposes and is not a substitute for legal advice. It should be reviewed and adapted by qualified Indian legal counsel — with reference to the Digital Personal Data Protection Act, 2023, the Information Technology Act, 2000 and its rules, and any sector-specific requirements — before being relied upon as a final, binding legal document.
